We believe we have a duty to provide pupils with quality Internet access as part of their learning experience across all curricular areas. The use of the Internet is an invaluable tool in the development of lifelong learning skills.

We believe that used correctly Internet access will not only raise standards, but it will support teacheros professional work and it will enhance the schoolos management information and business administration systems

We acknowledge that the increased provision of the Internet in and out of school brings with it the need to ensure that learners are safe. We need to teach pupils how to evaluate Internet information and to take care of their own safety and security. E-Safety, which encompasses Internet technologies and electronic communications, will educate pupils about the benefits and risks of using technology and provides safeguards and awareness to enable them to control their online experience.

We believe all pupils and other members of the school community have an entitlement to safe Internet access at all times.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

#### Aims

- To provide pupils with quality Internet access as part of their learning experience across all curricular areas.
- To provide clear advice and guidance in order to ensure that all Internet users are aware of the risks and the benefits of using the Internet.
- To evaluate Internet information and to take care of their own safety and security.
- To raise educational standards and promote pupil achievement.
- To work with other schools and the local authority to share good practice in order to improve this policy.
